

Course Approval Instructions for students in AHS

Students: Make sure that you have the instruction sheet that corresponds to your college of enrollment. Note that you must follow the instructions that correspond to the college to which you belong DURING your study abroad term(s).

Students studying abroad shall be considered full-time for academic purposes at the University when they are enrolled for at least the minimum full-time academic load as defined by the international institution. However, federal regulations require that students must take and transfer back 12 or more University of Illinois at Urbana-Champaign hours to be considered full-time for financial aid purposes.
